DASHBOARD CREATION

Using the Crop production in Indian dataset, we plan to create various graphs and charts to highlight the insights and visualizations.

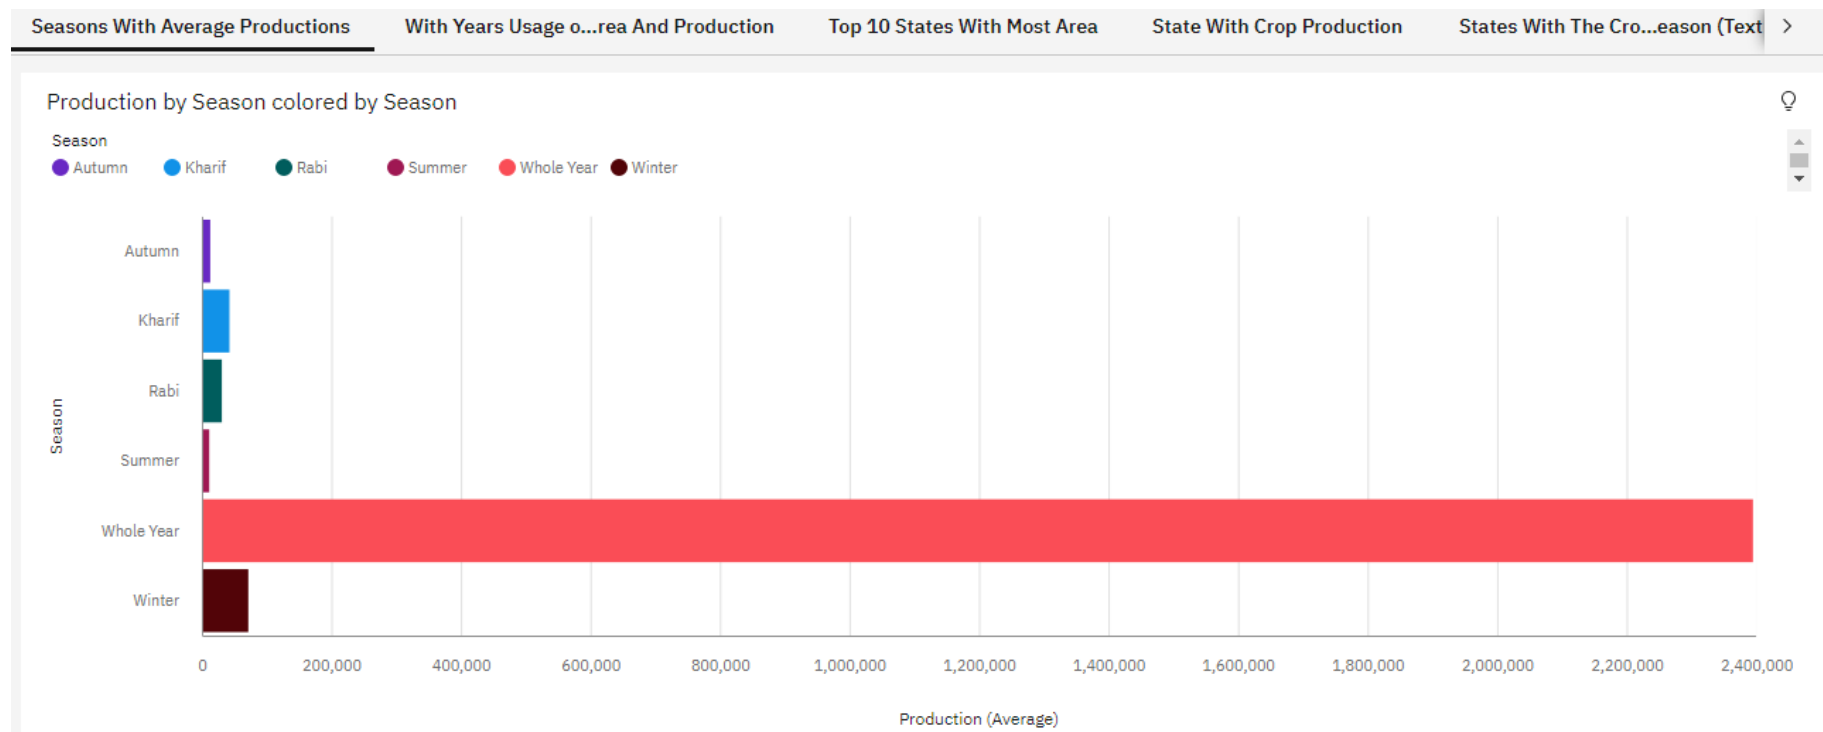

- Build a Visualization to showcase Average Crop Production by Seasons.
- Showcase the Yearly usage of Area in Crop Production.
- Build a visualization to show case top 10 States in Crop Yield Production by Area.
- Build the required Visualization to showcase the Crop Production by State.
- Build Visual analytics to represent the States with Seasonal Crop Production using a Text representation.
